S. Michael Burchell

Sr. Director Global Corporate Quality

Subject: Gluten Statement

January, 2026

To: All Redpath Sugar Ltd. Valued Customers:

In response to numerous customer inquiries regarding the potential of gluten in Redpath refined cane sugar products, please be assured that none of our refined cane sugar product contain gluten from wheat, barley, rye, or oats, or any other crossbred hybrids.

We have verified with our suppliers, where necessary, that the gluten containing grains identified above are not present in any of the ingredients, processing aids or cleaning chemicals utilized in our cane sugar refining process.

Given the absence of gluten containing grains in Redpath's facility, product testing is not conducted. Although there are also no other allergens present at the facility, we do provide general allergen awareness training on an annual basis.

We trust this information is sufficient. Should you require additional information, please feel free to contact us at QualityDocs-NA@asr-group.com.

Sincerely,

A handwritten signature in black ink that reads 'S. Michael Burchell'.
